

The Latest From **CIC**

Directory of **PLASTIC GOODS PRODUCERS** IN INDONESIA, 2010

Contains as Many as 1037 Companies

With Product Index as Many as 40 Items

SUB-SECTORS OF THE PLASTICS INDUSTRY is considered as one part of the manufacturing industry sectors that is enjoying significant growth in both upstream, mid-stream and down-stream, in view of the value of domestic consumption which continues to increase, particularly with the growing success of plastic packaging in shifting the role of metal packaging / tinplate in some particular industrial sectors.

The role of plastic products is not confined as packaging materials, plastic has long since become a part of household equipment, as electronic appliances / electric household furniture as well as part of the household itself because, plastic has now become a friend and become an integral part in human life today.

Ever increasing role of plastics in almost all sectors of everyday life and in the sectors of manufacturing industry, has contributed to the creation of new innovations in plastic basic materials in the world. Indonesia has now become one of the world's leading plastics manufacturers.

CIC as one of the leading independent consultants in Indonesia in terms of industrial research and company investigation is always trying to continue to encourage the growth of the national plastic industry, through the presentation of industrial studies that are comprehensive, accurate and reliable.

In this mid 2010, **CIC** has again succeeded in preparing, completing and presenting Directory of PLASTIC GOODS PRODUCERS in Indonesia, 2010 which contains as many as 1037 companies with product index as many as 40 items. This directory contains the complete information from a company engaged in the plastics industry throughout Indonesia, especially medium-sized and large enterprises.
